

Vacationer 99m²

 2+ Bedrooms
  1 Living area
  1 Bathrooms

The living area is the central heart of this home with two bedrooms plus an office and one bathroom surrounding the open plan space. Designed using the very latest 'Lifemark' accreditation standards, the compact Vacationer design has space in all the right places. The smaller office or third bedroom can be changed to a second bathroom, and the laundry area can be adapted to create a scullery, which would make an ideal holiday or downsized retirement home.

This design is also available as a gable trussed design with flat ceilings. Talk to us about the various options for a ReadyBuilt home on your site.
